[Willy Vånd](#) had a rough start in the league. In one of his first matches he was beaten up so badly that his face never got completely reconstructed. The scars are so hideous that even hardened players sometimes refuse to block him in cheer disgust. His handicap has therefore proven quite valuable to both him and the team. Over the years he has developed more and more bravery, and is considered both dauntless and with nerves of steel.

### CAREER HIGHLIGHTS:

-Made a successful short pass when surrounded by SEVEN high elves in the match [Flve Elegante](#) - [Ratten Kameraten](#) (Season V, round 4) (although K O ed seconds later...)

### ACCOMPLISHMENTS:

\*Was the first player in the league to reach 100 SPPs

\*Reached 125 SPPs November 9, 2008.

\*Peaked at 160 SPPs September 2, 2009. Was killed by [Khome Colossus](#), but the apo. saved his life- although not his career.

\*Is the 2nd Most Experienced Player in the league, with a total of 149 SPPs.

\*Is the 3rd most Wanted player in AnBBL. His bounty is set to 270,000 gp.
